Beautiful, wild and mysterious, Tetsnldi in Svaneti is an ancient land locked in the Caucasus, so remote that it was never tamed by any ruler. There is something about Tetsnldi, Georgia that makes you feel as if time has stood still.

One of the most ecologically unspoiled region offers a genuinely of-the-beaten-track adventure. Uniquely picturesque villages and 4000 m plus peaks rising above flower-strewn alpine meadows provide a superb backdrop to the many walking trails.

The medieval Svan towers, preserved in Svaneti, which served as shelter for the families during the invasions, are now included to the UNESCO World Heritage List.

Majestic mountains and spectacular scenery makes Tetsnldi a paradise for nature lovers in summertime.
